Most 6 meter Contacts, In State			
Most 160 meter Contacts	Plaque* for Most 160 meter QSOs, any power, any mode		
Club Competition Award	Plaque* for Highest Aggregate Club Score		
Worked All 67 Counties	Certificates for working all 67 counties available on request Plaques available for purchase		

*Certificates will be issued in lieu of any unsponsored plaques.

A minimum of 25 valid QSO's are required for certificates or plaques.

All certificates will be delivered to the winners via email.

The Club Competition Award winner is determined by summation of the scores of club members. The current status of club members is determined by a list that is provided by a club officer, preferably the club president. The PAQSOPA secretary will ask for the list after the party when the top club scores become apparent.

The PAQSO Party may at times offer special certificates or plaques for various achievements in the party.
