

2026 Pa QSO Party Team Rosters as of 10 October

NEW FOR THE 2026 PA QSO PARTY: Participants may form a team with fellow PAQP participants. There are four team categories as follows:

- In-State - all team members operate from within PA
- Continental US Outside of Pennsylvania - all team members are outside of PA, but within the Continental US
- Canada - all team members are in Canada
- DX – team members are located outside the Continental US and Canada

Each team must consist of two to four single operator entries in the following entry divisions as identified in the 2026 Pa QSO Party Rules: 7.a through 7.i. In-State teams may also include operators in entry divisions 7.m, 7.n, 7.o, 7.s, 7.u and 7.w. Teams may include operators from any combination of the listed entry divisions. Individual scores will be combined to determine the team score. Teams must be registered before the start of the contest. To register a team, use the designated online registration form: < <https://paqso.org/--team-registration.php> >. The registration form will automatically provide confirmation by return email. Team information does not need to be included in submitted Cabrillo logs, because teams are established in advance through the team registration system. Certificates will be awarded to the top three teams in each category.

Here are the registered team rosters as of October 10, 2026:

Team Name	Category	Call 1	Call 2	Call 3	Call 4	Notes
