# Plaques and Certificates

A minimum of 25 (100 for Golden Log Award) valid QSO's in the award category are required for certificates or plaques. Plaques will only be awarded if there are 2 or more valid entries in the relevant category (except the Golden Log Award).

All certificates will be delivered to the winners via email.

The Club Competition Award winners are determined by summation of the scores of club members. The current status of club members is determined by a list that is provided by a club officer, preferably the club president. The PAQSOPA secretary will ask for the list after the party when the top club scores become apparent.

The PAQSO Party may at times offer special certificates or plaques for various achievements in the party.
